ABOUT ME

I am a Computer Science Engineering student at the Universitat de Girona. I am especially interested in the world of software development, programming, and systems. I am looking to learn, gain practical experience, and continue growing within the technology sector. I consider myself a decisive, responsible person eager to contribute.

OBJECTIVES

- To have new work experiences related to my field.
- To step out of my comfort zone and learn in a real professional environment.
- To discover which areas I like most within the tech world.

EDUCATION

2016- 2020
Sant Celoni

Compulsory Secondary Education (ESO)
INS Baix Montseny

2020- 2022
Sant Celoni

Scientific-Technological Baccalaureate
INS Baix Montseny

2022 - Actualmente
Girona

Computer Science Engineering
Universitat de Girona

Technologies worked with: C++, Python, Java, HTML/CSS, Android, MySQL, Git, OpenCV

Languages:

Spanish: Native

Catalan: Native

English: Very High (fluent, spoken and written)

Italian: Basic

2-year stay in the United States (2007-2008), which allowed me to acquire an advanced level of English from a young age.

WORK EXPERIENCE

2021 - 2022 Community Manager – CE Vilassar de Dalt

Social media management and digital content creation
Post design, statistics tracking, and contact with followers

2021 - 2022 Babysitter

Care and accompaniment of young children
Organization of activities and school reinforcement

2021 - 2025 Referee - Federació Catalana de Futbol

Match management and real-time conflict resolution. Responsibility, quick decision-making, and working under pressure

TECHNOLOGIES AND TOOLS

- Languages: C++, Python, Java, HTML/CSS, SQL
- Others: Git, OpenCV, Android Studio, MySQL
- Basic knowledge of Linux, use of version control
- Eager to keep learning and trying new things

OTHER

· Holder of B and A2 driver's licenses (I have a private vehicle with the possibility of autonomous travel).

INTERESTS

- Programming
- Gym
- Traveling abroad
